Dear Mr. Hayes,

Thank you for your letter of April 7th. I have recently taken over as Head of Music on WCSR for the coming year which accounts for the delay in answering.

We are returning under separate cover the following album sets:

Chopin--Sonata # 2--MM698
Mozart-- uintet in C major--MM 586
Bach--Suite # 2 and Mozart--Symphony # 35--ML 4156
MMozart--Symphony # 36--MM387
Morton Gould--Rendezvous--ML 4070

These records were either duplications of records we already had or proved defective when tested. We would appreciate it if you would credit us with sets MM 586 and 698 and set ML 4070, replacing them with sets MM-261 and MM-671. In the case of sets MM-387 and ML 4156 which are defective we would like replacements in good condition. We are also adding to our order single record 17301 (Bidu Sayao-Manon and Romeo & Juliette) This order should be billed and sent to:

The initial records we obtained from you this winter through my father have formed a wonderful nucleus for our music library. We are extremely anxious to expand our record resources, especially since we have recently established a network with other nearby colleges. We would appreciate it, therefore, if you could open a permanent account for our station, thereby enabling us to obtain records at the prevailing dealer prices (plus tax, of course). If it is unfeasible to establish an account in the Massachusetts area, it could be opened in my name since I live in New York City.

Hoping to hear from you at your earliest convenience, (Smith closes about the 20th of May), I am,

Very truly yours,
